

## Speaking Practice Test 2

### PART 1

#### Transport

- Are there any transport problems where you live or in your home town?
- Do you have a favourite form of transport?
- Are there any forms of transport which you don't particularly like?

### PART 2

Describe an unusual form of transport you would like to try or have tried. You should say:

- what form of transport it is
- why you would like to try it or wanted to try it
- what you imagine the experience would be like / or what the experience was like

Also say, if you would like to use this form of transport again and why/ why not.

### PART 3

What would you say are some of the most significant improvements in transport in the last 20 years? (Why?)

What do you think could still be done to solve inner city transport problems?

What kind of changes do you think we might see in transportation in the future?
